DepEd Order No. 013, s. 2019

POLICY GUIDELINES ON THE IMPLEMENTATION OF ENHANCED ALTERNATIVE LEARNING SYSTEM 2.0

To: Undersecretaries
Assistant Secretaries
Bureau and Service Directors
Regional Directors
Schools Division Superintendents
Public and Private Elementary and Secondary School Heads
All Others Concerned

1. In compliance to the mandate of Republic Act No. 10533 entitled Enhanced Basic Education Act of 2013 and the 10-point agenda of this administration, the Department of Education (DepEd) issues the enclosed Guidelines on the Implementation of Enhanced Alternative Learning System (ALS) 2.0 on the 2019 ALS K to 12 Curriculum.

2. These guidelines aim to ensure that the implementation of enhanced ALS 2.0 by the central office, regional, and schools division offices, and other ALS program implementers and stakeholders is strategic and efficiently and effectively managed.

3. All DepEd Orders and other related issuances, rules and regulations, and provisions, which are inconsistent with these guidelines are repealed, rescinded, or modified accordingly.

4. For more information, please contact the ALS Task Force, Department of Education Central Office, 5th Floor, Bonifacio Building, DepEd Complex, Meralco Avenue, Pasig City at telephone no. (02) 636-3603 or through email address als.taskforce@deped.gov.ph.

5. Immediate dissemination of and strict compliance with this Order is directed.

LEONOR MAGTOLIS BRIONES
Secretary

Encl.: As stated
To be indicated in the Perpetual Index
under the following subjects:

- ALTERNATIVE LEARNING SYSTEM
- BASIC EDUCATION
- CURRICULUM
- MONITORING AND EVALUATION
- POLICY
- RULES AND REGULATIONS

MCDJ, DO Policy Guidelines on the Implementation of ALS
0357 – May 30/June 3/4/24, 2019
Policy Guidelines on the Implementation of Alternative Learning System 2.0

I. Rationale

Alternative Learning System (ALS) provides opportunities for out-of-school youth and adult (OSYA) learners to develop basic and functional literacy skills and to access equivalent pathways to complete basic education.

With the introduction of the ALS K to 12 Basic Education Curriculum (BEC), there is a need to harmonize the policies pertaining to ALS to ensure strategic, efficient and effective implementation.

II. Scope of the Policy

These guidelines outline the rules for the implementation of the enhanced ALS by the Central, Regional and Schools Division Offices, and other ALS stakeholders.

III. Definition of Terms

For purposes of these guidelines, the following terms are defined as follows:

**Basic Literacy Level** refers to the first ALS key stage for learners who cannot read or write.

**Non-Literate Learners** refer to learners with little or no exposure to literacy in their first or second language.

**Neo-Literate Learners** refer to learners with minimal exposure to literacy in their first language. They often lack of confidence in their literacy skills.

**Post-Literate Learners** refer to learners who are able to read with comprehension, to compute and solve simple numeracy problems and ability to express ideas in writing and speaking in one's language.

IV. Policy Statement

The DepEd hereby issues these policy guidelines to ensure standard implementation of the ALS program. This policy affirms the Department's commitment to expand and strengthen ALS and ensure that the ALS learners will develop the necessary knowledge and 21st century skills.
V. Procedures

A. 2019 ALS-K to 12 Basic Education Curriculum (2019 ALS-K to 12 BEC)

1. A new ALS K to 12 Curriculum was developed to provide the blueprint for the enhanced ALS. Known as the 2019 ALS K to 12 BEC, the curriculum is benchmarked on the DepEd K to 12 Formal School Curriculum, and focuses on the 21st Century Skills of Information, Media and Technology Skills, Learning and Innovation Skills, Communication Skills, and Life and Career Skills.

2. The following are the key features of the 2019 ALS-K to 12 BEC:
   a. is substantially aligned with the competencies of the formal K to 12 Curriculum;
   b. is NOT a mirror image of the formal school curriculum given the nature of the ALS program and the type of learners enrolling in this program;
   c. covers Information, Communication and Technology (ICT) and Life and Career skills and competencies not found in the formal school curricula have been added;
   d. includes examples of application of competencies in everyday life to help/guide the learning delivery and the development of appropriate, relevant and responsive learning materials and learning assessment tools; and
   e. uses the standard terminologies and coding system of the DepEd K to 12 curriculum.
   f. provides opportunities for learners to acquire vocational and technical skills to enhance their work readiness/employability.

3. The key stages of learning under the 2019 ALS-K to 12 BEC are indicated in Table No. 1

<table>
<thead>
<tr>
<th>ALS-K to 12 Key Stages</th>
<th>Corresponding Grade in the Formal School System</th>
</tr>
</thead>
<tbody>
<tr>
<td>Basic Literacy (BL) Level</td>
<td>Kinder to Grade 1</td>
</tr>
<tr>
<td>Lower Elementary (LE) Level</td>
<td>Grades 2 to 3</td>
</tr>
<tr>
<td>Advanced Elementary (AE) Level</td>
<td>Grades 4 to 6</td>
</tr>
<tr>
<td>Junior High School (JHS) Level</td>
<td>Grades 7 to 10</td>
</tr>
<tr>
<td>Senior High School (SHS) Level</td>
<td>Grades 11 to 12</td>
</tr>
</tbody>
</table>

- The Basic Literacy (BL) level develops the basic literacy skills of reading, writing, viewing, speaking, listening, and numeracy. The BL level is equivalent to Kinder to Grade 1 of the formal basic education.

- At the Lower Elementary (LE) level, learning competencies equivalent to Grades 2 to 3 are developed. At this level, learners are encouraged to begin to ‘learn how to learn’ so they can increasingly study and learn independently.

- The Advanced Elementary (AE) level requires the development of learning competencies parallel to the Grades 4 to 6 of the formal basic education.
• The Junior High School (JHS) level advances the ALS learners to a
deeper understanding of the learning competencies that is
equivalent to Grades 7 to 10. The learning competencies have a
higher degree of complexity and help learners develop an increasing
degree of independence in applying knowledge, skill and values
learned.

• The Senior High (SHS) level is equivalent to Grades 11 to 12. It
ensures that all learners will be equipped with competencies
required for employment, entrepreneurship, middle level skills and
tertiary education.

4. The following Learning Strands (LS) (described in Table 2) are taken at
different key stages of the program.

<table>
<thead>
<tr>
<th>Table No. 2. ALS K to 12 BEC Learning Strands</th>
</tr>
</thead>
<tbody>
<tr>
<td>Learning Strand 1</td>
</tr>
<tr>
<td>Learning Strand 2</td>
</tr>
<tr>
<td>Learning Strand 3</td>
</tr>
<tr>
<td>Learning Strand 4</td>
</tr>
<tr>
<td>Learning Strand 5</td>
</tr>
<tr>
<td>Learning Strand 6</td>
</tr>
</tbody>
</table>

• Learning Strand 1: Communication Skills (Filipino), and Learning
Strand 3: Mathematical and Problem Solving Skills, are considered
foundational competencies and are required at the BL Level.

• Content areas related to Learning Strand 2: Scientific and Critical
Thinking Skills, Learning Strand 5: Understanding Self and Society,
and Learning Strand 6: Digital Citizenship, may be used to provide
‘functional context’ to the communication and numeracy
competencies taught at the BL Level.

5. The SHS Curriculum for ALS is still under development.

B. Learning Delivery

1. Enhanced ALS Language Policies
   a. In the teaching and learning process, the mother tongue may use
      as a medium of instruction in BL Level for Non-Literate Stage to
      Neo-Literate Stage in consultation with ALS learners. Filipino and
      English shall be used for Elementary Level (EL) level to JHS level,
      although ALS teachers may use mother tongue or Filipino as an
      auxiliary language of instruction to clarify concepts and
      understanding. However, selected learning strands of the
      Accreditation and Equivalency (A&E) test will be in English as
      described in Table No. 3.
Table No. 3. Language in A&E test per Learning Strand

<table>
<thead>
<tr>
<th>Learning Strands</th>
<th>Filipino</th>
<th>English</th>
</tr>
</thead>
<tbody>
<tr>
<td>LS 1: Communication Skills (English)</td>
<td>X</td>
<td>√</td>
</tr>
<tr>
<td>LS 1: Communication Skills (Filipino)</td>
<td>√</td>
<td>X</td>
</tr>
<tr>
<td>LS 2: Scientific and Critical Thinking Skills</td>
<td>X</td>
<td>√</td>
</tr>
<tr>
<td>LS 3: Mathematical and Problem Solving Skills</td>
<td>X</td>
<td>√</td>
</tr>
<tr>
<td>LS 4: Life and Career Skills</td>
<td>√</td>
<td></td>
</tr>
<tr>
<td>LS 5: Understanding Self and Society</td>
<td>√</td>
<td></td>
</tr>
<tr>
<td>LS 6: Digital Citizenship (formerly Digital Literacy)</td>
<td>X</td>
<td>√</td>
</tr>
</tbody>
</table>

b. For the learning resources, only BL level learning modules shall be translated in the major mother tongue languages subject to availability of funds. Lower and Advanced Elementary (LE and AE) level modules will be in English or Filipino as per Table 3. As learning materials are being developed, ALS teachers can still use the existing A&E Filipino language learning resources addressing competencies in LS 2 and 3.

c. The DepEd will continue to use the existing ALS Recognition of Prior Learning (RPL) and Assessments forms. The ALS Task Force is in the process of developing upgraded versions of these forms in bilingual (English/Filipino) formats.

2. Beginning June 3, 2019, all ALS programs are required to implement the 2019 ALS-K to 12 BEC.

3. While the ALS 2.0 program started last June 3, 2019, learners who wish to enroll in ALS sessions later than June 3 can still be accommodated.

4. Given the scope and the expanded content of the 2019 ALS K to 12 BEC, the enhanced ALS program duration will in most cases, will be longer than the old ALS curriculum, except for the Basic Literacy (BL) level.

The actual program duration will depend on the learner’s educational background or existing knowledge level prior to enrolling in the ALS program. Hence, it is important to have an accurate and systematic assessment of the learner’s level of prior learning at the point of enrollment. The results of such assessment will guide the formulation of each learner’s Individual Learning Agreement (ILA).

Not all ALS learners will be interested in acquiring an A&E certification, but instead, may have more limited, shorter-term learning goals. Such ALS learners will likely exit the program after completing these learning goals and hence the duration of their ALS program will be shorter than that of ALS learners preparing to take the A&E test.
From an ALS program planning and management perspective, the following guidelines apply to program duration:

<table>
<thead>
<tr>
<th>ALS Program</th>
<th>Program Duration</th>
</tr>
</thead>
<tbody>
<tr>
<td>Basic Level (BL)</td>
<td>approximately 9-10 months&lt;br&gt;(Non-Literate – approximately 2-3 months; Neo-Literate - 2-3 months; Post-Literate – 2 months)</td>
</tr>
<tr>
<td>Lower Elementary Level (EL)</td>
<td>approximately 4-5 months</td>
</tr>
<tr>
<td>Advanced EL</td>
<td>approximately 8-10 months</td>
</tr>
<tr>
<td>Junior High School (JHS)</td>
<td>approximately 2 years</td>
</tr>
<tr>
<td>Senior High School (SHS)</td>
<td>ALS SHS curriculum for issuance – in the interim, learners will complete the 2 year formal SHS program</td>
</tr>
</tbody>
</table>

5. All ALS teachers should register their learners in the Learners Information System (LIS).

6. All ALS teachers shall guide the learners in articulating and documenting their ILA which should be guided by the results of the pre-assessment and screening process and should consider learners’ prior learning. The ALS teacher and ALS learner shall monitor and review the ILA at least monthly and revise/update as necessary as old learning needs/goals are addressed and new ones identified. ALS teachers are expected to continue to practice differentiated instruction and tailor their learning interventions in response to the variant learning needs of learners, as documented in each learner’s ILA.

7. Like all DepEd teaching personnel, ALS teachers are subject to the RPMS-PPST for their professional development and performance management. A contextualized RPMS-PPST for ALS teachers shall be released through a separate issuance.

8. Starting SY 2019-2020, the A&E test will be based on the new and expanded range of competencies of the 2019 ALS K to 12 BEC that include higher competencies in English, Science, Math and Learning Strand 6 – Digital Citizenship. This means that completers of the previous ALS curriculum who wish to seek an equivalency certification are required to undertake additional learning in order to prepare for the new A&E test. Hence, additional learning intervention should not be an option but a requirement.

9. For BL and EL, the existing learning modalities anchored on learning support being provided primarily by ALS teachers will continue. However, given the more complex academic competencies in the JHS under the new curriculum, ALS teachers will likely need to seek additional support from English, Science and Math (ESM) specialists for team teaching. Guidelines on team teaching will be issued through a separate issuance.
10. The enhanced ALS will give premium to life skills. Accordingly, the first two (2) months (June- July 2019) of all ALS programs (except ALS-EST) will focus on life skills development of ALS learners.

11. The ALS Task Force is currently working on the finalization of comprehensive ALS Manual of Operations covering implementation of ALS 2.0. In the interim, existing policies still apply unless otherwise rescinded by other DepEd Order/DepEd Memorandum.

C. Learning Resources

1. While the new materials are being developed, ALS teachers will continue to use the existing materials which include the old BL, EL, Secondary Level (SL) and Academic Bridging Program modules supplemented with textbooks, reference materials, internet-based materials and other learning materials that ALS teachers may be able to identify and access.

2. All ALS learning resources will be made available in the DepEd Learning Resources portal.

D. Learning Environment

1. For BL and EL, existing ALS learning environments, (i.e. Community Learning Centers (CLCs), will continue to be suitable for most ALS 2.0 classes. However, SL learners, who will now study higher English, Science and Math and digital citizenship competencies, may require access to special learning equipment and learning environments which may not be found in the existing CLCs. For these competencies, ALS teachers may need to coordinate with local high schools or other partner institutions to access these facilities e.g. science and computer laboratories.

2. Given the expanded learning environment and specialist teacher requirements of ALS 2.0, the DepEd ALS Task Force is currently exploring an option for School-Based ALS implementation as a delivery strategy.

E. Learning Assessment

1. The ALS Task Force has completed development of a new Functional Literacy Test (FLT) based on the six (6) learning strands of the new ALS K to 12 BEC.

2. At the start of each implementation of the ALS 2.0, all learners shall be assessed using the revised Functional Literacy Test (FLT) and existing Assessment for Basic Literacy (ABL) (for Basic literacy level learners only) in conjunction with an assessment and documentation of their prior learning. ALS teachers will make use of the latest version of approved FLT, ABL, and RPL Assessment Forms in accordance with set policies and procedures.
3. The existing ALS assessment policies and practices for formative learner assessment will continue. Results of all individual learner assessments should be documented by the ALS teacher (with copies stored in the learner's portfolio) and used to monitor learning progress and as basis for remediation and future lesson planning.

4. Under enhanced ALS there will, however, be significant changes to ALS summative assessment and specifically the requirements for A&E equivalency certification. These changes include:

- The A&E certification process will be expanded to include Portfolio assessment and Project-based learning and assessment. Starting June 2019 learners interested in seeking an A&E elementary or secondary equivalency certification will be required to submit a presentation portfolio containing selected learning outputs as evidence of mastery of competencies from the six (6) learning strands of the new ALS K to 12 Bec and a learning project, in addition to taking the A&E test. It is proposed that the percentage weights between the A&E test and portfolio will be as follows:
  - 80% A&E test
  - 20% Portfolio

Further guidelines on the expanded A&E certification requirements and process will be issued.

- The A&E exam will be based on the competencies of the new ALS K to 12 curriculum. It will continue be administered by the Bureau of Education Assessment (BEA).

- Opportunities for micro-certification of basic education and technical- vocational skills competencies will be made available; and

- In addition to the Certificate of Rating (COR) to be issued by BEA, EL certificate/JHS certificate of completion will be issued duly signed by the Schools Division Superintendents (SDSs). Templates to follow.

**F. Capacity Building Program**

The ALS Task Force, in coordination with the National Educators Academy of the Philippines (NEAP), will conduct a comprehensive program of training activities in support of the roll-out of the ALS 2.0.
G. Roles and Responsibilities of ALS Task Force, Regional and Schools Division Offices (RO, SDO)

<table>
<thead>
<tr>

<tbody>
<tr>
<td></td>
<td>• Adapt/reproduce curriculum guides and instructional materials for CLCs.</td>
</tr>
</tbody>
</table>

These are the broad TOR for the implementation of ALS 2.0

H. Senior High School

The Senior High School (SHS) Curriculum competencies and program delivery strategy for ALS are still being finalized. In the absence of a dedicated ALS SHS Curriculum and ALS SHS program implementing mechanism, JHS A&E passers interested in completing SHS will enroll in formal SHS.

This is without prejudice to the pilot implementation of ALS SHS as may be authorized by the department.

VI. Monitoring and Evaluation

The Department of Education through the ALS Task Force, supported by the Regional and Division Offices, shall conduct national monitoring and evaluation on the implementation of enhanced ALS.

The CLMD and CID Chiefs, Regional and Division ALS Supervisors/Focal Persons, and Regional and Division learning area supervisors, in coordination with other functional units in the region and division offices shall also conduct regional and division monitoring and evaluation.

VII. Effectivity/Transitory Provision

Learners under the old curriculum are required to undertake additional learning in order to learn the additional competencies in the ALS K to 12 BEC.

All existing Orders and Memoranda inconsistent with this Order are rescinded. These guidelines shall remain in effect, unless sooner repealed, amended or rescinded. This Order shall take effect upon issuance.
