GUIDELINES ON THE RELEASE, USE, REPORTING, MONITORING AND EVALUATION OF CAPACITY BUILDING FUNDS FOR CHILD PROTECTION FOR FISCAL YEAR 2019 MANAGED BY THE DEPED REGIONAL OFFICES

I. RATIONALE

2. Towards this end, the CPP mandates the conduct of capacity-building programs and activities for DepEd teaching and non-teaching personnel, students and learners, and parents and guardians to understand and implement the CPP.

3. Capacity-building programs and activities, conducted by DepEd or in collaboration with external partners through trainings and seminars on child rights and development, positive and non-violent teaching and classroom discipline, enhancement of social and emotional competence, anger and stress management, online safety, among others, all aim to uphold the best interest of the child in all matters and decisions affecting them.

4. In 2018, program support funds were downloaded to the DepEd Regional Offices (ROs) to support capacity-building programs and activities on child protection. The ROs reported that participants comprised of teachers, school personnel and other education stakeholders gained a better appreciation of the CPP and were successfully capacitated in handling incidents and cases related to child protection. The ROs recommended that the Central Office (CO) continue to download more funds for capacity-building programs to enhance the knowledge and skills of more education stakeholders for effective implementation of the CPP.

5. Thus, the Office of the Undersecretary for Legal Affairs aims to support the capability-building initiatives of the ROs through the provision of program support funds for Fiscal Year (FY) 2019.

II. SCOPE OF THE POLICY

6. The Guidelines shall cover the release, use, reporting, monitoring and evaluation of funds for child protection capacity-building of education stakeholders for FY 2019, as managed by the DepEd Regional Offices.

III. DEFINITION OF TERMS

7. For the purpose of this Order, the following terms are defined as follows:

   Capacity Building Activities refer to activities by which DepEd teaching and non-teaching personnel obtain, retain, and continuously improve their knowledge, skills, and attitudes required to protect learners from all forms of abuse, violence, exploitation, discrimination, bullying and other forms of abuse.

   Child Protection refers to structures, programs, services, and procedures, which are intended to prevent and respond to child abuse, violence, exploitation, discrimination, bullying and other forms of abuse.
External Partners refer to individuals, entities, agencies, and organizations that work with DepEd in the schools, schools division offices, and regional offices in the conduct of child protection initiatives. They include, but are not limited to, local government units, other government agencies, international agencies, non-government and civil society organizations, and other private and corporate entities.

Positive and Non-Violent Discipline of Children is a way of thinking and a holistic, constructive and pro-active approach to teaching that helps children develop appropriate thinking and behavior in the short and long-term and fosters self-discipline. It is based on the fundamental principle that children are full human beings with basic human rights. Positive discipline begins with setting the long-term goals or impact that teachers want to have on their students' lives and using everyday situations and challenges as opportunities to teach life-long skills and values to students.

Child Online Protection is a form of child protection, which responds and addresses the incidence of violence, abuse, exploitation, and bullying against children on the Internet or other electronic platforms.
